then creator select karne ke baad merchant creator ko offer send karega like usse product details, kitne % commission usse dega and kis type ki reel chize ye subh chize send karega.

Campaign Lifecycle

then agar apan baat kare ki ye puri life cycle reel ki working kaise karegi to subse pahela merchant draft ready karega ki usse kis creator se kya chiya, then wo particular creator ko wo deal send karega then agar wo creator uss deal ko accept krr lega to fir wo creator jb to reel shoot karega to wo Activate state mai hoga then reel shoot karne ke baad wo merchant ko submit karega and then merchant jb reel verify kar lega to creator reel upload krr sakta hai.
